

# Body Temperature Thermal Scanner

## Stand-alone Kit for Healthcare and Businesses

**Reopen and maintain your business with confidence. First line of defense for temperature and mask validation.**

#1 COVID-19 Response Solution with Thermal Scanner—Safe, Secure and Accurate. Supports COVID-19 response protocols

**Turing Shield** is a COVID-19 response solution which combines enterprise-grade AI powered non-contact body temperature thermal scanners with highly secure cloud-based data management platform to help organizations reopen with confidence and peace of mind.

Turing Shield supports COVID-19 response protocols and aligns with Centers for Disease Control and Prevention (CDC) guidelines. Turing Shield provides highly secured encrypted data management platform with safe and secure record keeping that will help with employee's worker compensation claims as well as mitigate organizational risk.

### Kit Includes:

- ◆ Thermal Temperature Scanner
- ◆ Stand
- ◆ Printer
- ◆ AI Interface

### Features:

#### Easy Installation

- \* Simple Plug and Play Design

#### COVID-19 Response Protocol

- \* Built-in CDC health questionnaire
- \* Face mask detection
- \* Temperature screening
- \* Contact tracking capability

#### AI Powered Data Management Platform

- \* Centralized monitoring of all thermal scanners
- \* Safe and secure record keeping with optional biometric data
- \* Real-Time visibility into high temperature readings
- \* Time Clock Integration
